

## Flexible solutions for today's filing needs.

Oblique's Unifile is the first filing system to bring together the space savings of shelf filing and the efficiency of color-keyed indexing in one cost-effective package.

**unifile**™

## **A Revolutionary Filing Concept.**

**Go from the mess  
of drawer filing to  
the ultimate filing  
and storage solution  
with Unifile.**

Unifile folders can be placed directly onto shelf supports, creating a strong, stable unit with no additional shelf devices needed. The result is a superior filing system that easily accommodates any office space with a rugged and durable construction that ensures long service life.

**Organize.**

**Index.**

**Store.**

**No more time wasted searching for lost documents. Unifile is a simple and economical way to organize files.**

**Ease of use:** Unifile hanging folders snap together to form a series of flexible pockets. The suspended design prevents slumping and makes it easy to access materials and protect valuable documents.

**Flexibility:** Unifile glides directly on shelf supports, maximizing space and increasing efficiency. Available in letter, legal, and box-based. Easily incorporated into any office space.

**Simplicity:** Unifile's three-tiered color-keyed indexing system provides color identification and accuracy. Updating indexes is as easy as AZ Print Software.

**Complete indexing built in.**

# Unifile Applications
